1.The “Pact” (Declaration + Framework for Action)

1.Technical guidance material for use by cities based on best practices

UFPP and Healthy Cities

- Health dimension is key (urban health, prevention of NCDs, socio-economic determinants of health, school health, environmental health)
- Urban Food Policy Pact:
 - Ensure that health considerations are reflected in the pact
 - Ensure coherence with health policies at all levels
 - Build upon ICN2
- Development of technical material
 - Capitalize on existing health-related material
 - Review and document best practices
 - Agree on lessons learnt
